Live Music: Bandstand Takeover by Acoustickle!

The Nottingham Green Festival evolved from the Nottingham Peace Festival, with the aim of education and action around sustainability and the climate crisis. In 2023 we'll be celebrating our 30th year!

How we minimise our impact as a festival

100% vegan • no single-use plastic • waste recycling and composting • no generators
• sustainability commitments for each stall • local artists, workshop leaders and traders
